THOSE TAKEN BY HAND OF DEATH

Well Known Residents of Adams
County Die at their Homes. John
Crum Sr. Dies in Menallen Town-
ship. Other Deaths.

G. MILLER PATTERSON

G. Miller Patterson, of Freedom
township, died on Wednesday night,
aged about 85 years. He was born in
this county, March 12, 1826, and lived
the entire period of his life within five
miles of the place of his birth.

He belonged to a family of strong
and sturdy principles and was a gentle-
man of the old school. He is surviv-
ed by his wife and two sons and two
daughters—Albert M. and G. Meade,
of Emmitsburg. Mrs. Albert Smith,
of Freedom township, and Mrs. George
W. Byers, of Fairfield. He is also
survived by one brother, Mr. Robert
Patterson, of Emmitsburg. Longevity
had characterized the brothers of this
family. Mr. John Patterson died in
Feb. 1904, far advanced in eighty,
and the other brother, slightly younger,
in Springfield, Ohio.

Mr. Patterson was a great lover of
his home. Rural life had its strong
attractions for him. He was an in-
teresting conversationalist—fond of re-
hearsing the happenings of his earlier
life and more primitive times.

Mr. Patterson spent all of his life in
his community and he was very
conversant with local history. His
farm during the Civil War was a
camping ground for the soldiers who
took part in the battle of Gettysburg;
at one time Union men, again Confed-
erates. His crops were ruined but
like a true patriot he did not begrudge
the men and their horses the food they
so much needed.

In his younger days he was a mill-
er but left that trade early in life to
go to farming. The rest of his active
life was spent in this occupation, and
nothing could induce him to move to
town.

His hospitality was genuine and
sincere. He delighted in the visits of
his devoted children, and his friends,
of whom he had many. He was a
communicant member of the Emmit-
sburg Lutheran Church.

Funeral services were held at his
home on Friday, at 12.30 p. m. In-
terment in Mountain View Cemetery.

The service was in charge of his pas-
tor, Rev. Dr. Charles Reinwald, pas-
tor of the Lutheran Church, Emmit-
sburg.

JOHN CRUM SR.

John Crum, Sr., died at his home
in Menallen township at 8.45 p. m.
Friday from heart failure aged 76
years.

Mr. Crum was a son of Mr. and
Mrs. Solomon Crum and had been a
resident of the upper end of the county
all his life. His wife survives to-
gether with the following children, S.
H. Crum, at home; Mrs. Cyrus Beck,
of near Pittsburg; John Crum, Jr., of
Millersville; Mrs. Samuel Lane, of
York; Miss Katie Crum, at home.
One sister, Miss Lucy Crum, at home,
and one brother, Amos Crum, of Me-
nallen township, also survive.

Funeral at ten o'clock Monday
morning from his late residence con-
ducted by Rev. T. C. Hesson. Inter-
ment in Arendtsville Cemetery.

MRS. MARY A. FLOHR

Mrs. Mary A. Flohr died at her
home in Liberty township, Friday at
11.30 o'clock from asthma and dropsy,
aged about 68 years.

She is survived by her husband, the
Rev. John R. Flohr, and the follow-
ing children, Jesse Flohr, of Lantz,
Md.; Martin, of Washington, D. C.;
Benton, of Vienna, Virginia; Simon
and Charles, of Liberty township; Mrs.
Annie Blickenstaff, Blue Ridge Sum-
mit; Mrs. Frank Gantz, Waynesboro;
Mrs. Abram Gantz, and Mrs. Robert
Gonder, of Hamilton township; also
by one sister, Mrs. Smith Flohr,
of Liberty township.

Funeral Sunday at 10 o'clock.

DEATH OF A CHILD

Ivan Collins, infant son of Paul
Collins, of McSherrystown, died at
10 a. m. Friday from gastritis, aged
one year. Funeral Sunday, December
4, interment at Bonneauville.

ROB AND KILL AGED WIDOW

\$3000 Missing From Home in Which
Her Body Is Found.

Sistersville, W. Va., Dec. 3. — Mrs.
Elizabeth Allen, aged eighty-seven
years, a wealthy widow, was found
dead at her home at Shirley, near this
place. Securities and \$3000 in cash
are missing.

The coroner is of the opinion that
she was strangled to death, after
which the robbery was effected.

Mrs. Allen lived alone and had no
faith in banks. She owned consid-
erable property, including several farms
on which were producing oil wells.
The money she received in royalties
from these oil wells she kept in the house.

Rooms were in confusion, showing
that she had fought hard for her life.
The physician who was called in said
a number of small bones in her head
had been broken and her windpipe
had been crushed.

In a house twenty feet away Mrs.
Allen's son, John, is dying from tuber-
culosis.

Attorneys for Mrs. Allen went
through the house and found \$172
sewed in an old quilt and \$12 in an
old sofa.

FUNERAL

The remains of little Beatrice, the
three-year-old daughter of Mr. and
Mrs. Charles A. Yoost, of Two Taverns,
whose death resulted Thursday from
burns, her clothing catching fire at a
store, Wednesday evening, were laid

Services were conducted at the house
at 2 o'clock, by Rev. J. J. Hill, pas-
tor, of St. Paul's Lutheran Church,
Littlestown. Interment was made in

tives and friends.

WILL BENEFIT BY EXTENSION

Gettysburg will See Better Freight
Movement through here after
Completion of New Western Mary-
land Extension is Effected.

Western Maryland railroad officials
say that work on the new extension of
the road between Cumberland, Md.,
and Connellsville, Pa., is progressing
so rapidly that passenger and freight
traffic between Baltimore, York, Han-
over and Gettysburg to the West and
Southwest via the new line will be in
operation early in the fall of 1911.

It is more than likely that the con-
tractors will be in a position to begin
laying the track by next April. Chief
Engineer H. R. Pratt, of the Western
Maryland company, is jubilant over
the progress being made and grading
work, and says that, from all indica-
tions, the new line will be completed
on contract time.

The engineering department is now
figuring on the steel rail cross tie and
ballast contract for the new extension.
It will amount to about \$1,000,000,
and the award will be made shortly.
The company will not advertise for
bids, but concerns dealing in the kinds
of material needed will be requested
to submit bids at the office of the
chief engineer. The contracts will be
awarded separately.

The company will need about 350,
000 ties, which must be delivered as
needed along the new extension.
The Western Maryland road hauled
more passengers during the past sum-
mer than any other period since the
road was established. All previous
records were broken. The rush for the
mountains and other points along the
Western Maryland began the first of
June, and during that particular
month over 70,000 persons were carried
over the road. July was away ahead
of the preceding month approximate-
ly 120,000 having been hauled on the
various trains during that month.
Throughout July the Western Mary-
land moved between 15,000 and 20,000
troops to and from Gettysburg without
an accident.

Passenger business in August, accord-
ing to Fielder M. Howell, general
passenger agent of the Western Mary-
land, is always heavy, but Mr. Howell
states that all records for August travel
were broken, nearly 150,000 people
being transported to the various sum-
mer resorts and other points reached
by the Western Maryland.

The Western Maryland Railway
will award within the next 60 days a
contract for 20,000 tons of open hearth
steel rails of heavy make. The cost
of these rails is \$30 a ton, and the ag-
gregate expenditure on this account
will be \$600,000.

The rails will be delivered next
year, and the bulk of them will be
laid on the Cumberland-Connellsville
extension now in course of construc-
tion. The pending order is for about
double the amount of steel rails bought
this year.

A force of 3,611 men, with 400 mules,
62 locomotives and 33 steam shovels,
is rushing this branch to completion.

BANNER CIGAR MONTHS

Last month was the banner month
since October, 1907, in the cigar out-
put of the ninth internal revenue dis-
trict, which covers fifteen counties in
Central Pennsylvania, the production
having been 70,668,860 cigars, yield-
ing a revenue in tax of \$211,982.58.
It was the bulk of the total revenue for
November, which was \$278,914.09. In
November of last year the cigar output
of the district was only 66,885,910
cigars.

BRITISH ELECTION UNDER WAY

Fifteen Members of House of Commons Returned.

STEADY DECLINE IN STOCKS

Political Prophets Are at Sea on Eve of Election, With the Liberals Confident.

London, Dec. 3.—The nucleus of the new house of commons was formed by the unopposed nomination and consequent return of eleven Unionists and four Radicals.

All of them were members of the last house, so there has been no transfer of seats, from one party to the other.

Today will see seventy polls. The constituencies are so scattered through the United Kingdom that the results should furnish a fair index of the feeling of the country. Thirty-six of these seats formerly were held by Liberals. 26 by Unionists and 8 by Laborites. In many cases the majorities were so small that the verdict of January last may easily be reversed.

Prophets at Sea.
 Political prophets are at sea, as the elections are being held on the old register, and there have been so many removals since spring that the canvassers have been unable to trace many thousands of the voters on record. Consequently the vote probably will be smaller than heretofore.

One Unionist forecast is a net gain of thirty seats, and Unionist optimists see the possibility of an anti-government landslide. However, the confidence of the Liberals in a return to power with an undiminished coalition majority is unshaken.

Decline in Stocks.
 There has been a steady decline in the stock exchange price of Coalition stocks since the opening of the electoral campaign. Starting at 129 as the probable majority for the coalition of parties, the figure gradually has dropped until it now ranges in the neighborhood of 60.

If the brokers are well inspired the chances that the present struggle will settle the great constitutional questions now before the country, seem remote.

Should Premier Asquith and his Nationalist and Laborite allies be returned to power with anything like so reduced a majority as here indicated, it is freely predicted that the premier will resign. In that case A. J. Balfour, the Opposition leader and prime minister in 1902-05, presumably would be invited by King George to form a new cabinet, and everything would be again thrown into the melting pot and the only course open to Balfour would be another appeal to the country.

Old campaigners think that a sudden push such as would be made by a turn-over in seats at the elections, might easily start a landslide, and if this occurs the indications are that it is more likely to be in favor of Unionism than Radicalism.

HEIRESS WEDS CHAUFFEUR

Belated Announcement Made of Romantic Elopement in Fall.

Washington, Dec. 3.—The romance of Miss Leanne Malone, daughter of the late Lee L. Malone, a wealthy coal operator of Fairmont, W. Va., and Al Sanders, of Baltimore, who was for a time chauffeur of the Malone family, was discovered when friends of the couple received announcements that their wedding had taken place on Oct. 29 last.

Miss Malone, who was a student at the Mount Vernon seminary, met Sanders during the summer holidays at her home in Fairmont, but when she returned to school here he left his employer, the girl's mother, and came to Washington, where the elopement was planned.

The couple now are on a honeymoon trip. The bride is said to be a rich heiress in her own right.

Accident Quickly Remedied in Accident Ward of Hospital.

Philadelphia, Dec. 3.—With his right ear hanging to the side of his head only by a few shreds of flesh, William Driver, an employee of the Adams Express company, was brought to the Medico-Chirurgical hospital.

Dr. Charles F. King, in the accident ward, sewed the man's ear on again, and when the operation was successfully finished Driver was overjoyed. He was able to go home. Driver was injured when his wagon struck a telegraph pole and upset.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

91,000,000 IN UNITED STATES

Total Population of Country Estimated at About That Figure.

Washington, Dec. 3.—The total population of the United States, as revealed by the thirteenth census, is expected to be announced by the census bureau on Dec. 10.

Counting Arizona and New Mexico as states the totals for twenty-eight out of the forty-eight states already have been announced. The grand total for twenty-six of these states is 60,036,759, which is a gain of between 21 and 22 per cent over the population in the same states in 1900. At this rate of increase the total population of the country should be about ninety-one million.

46,130 Live In Atlantic City.

Washington, Dec. 3. — A revised statement of the population of Atlantic City, N. J., issued by the census bureau gives the number of inhabitants as 46,130. This is an increase of 18,312 or 65.8 per cent over 27,818 in 1900.

The population of Virginia is 2,061,612, a gain of 11.2 per cent over the population of 1900, which was 1,854,184. The gain for the preceding decade was an even 12 per cent.

California's population is 2,377,549. This is a gain of 60.1 per cent over its population of 1,485,053 in 1900. The gain from 1890 to 1900 was only 22 per cent.

TAFT UNDECIDED ON APPOINTMENTS

Begins Final Consideration of Candidates For Supreme Court.

Washington, Dec. 3. — President Taft, having his message out of the way, began final consideration of his forthcoming appointments to the supreme court and the court of commerce.

Mr. Taft declared to his callers that all reports as to states, etc., were pure guesswork and that he was still of an open mind and would listen to the claims of several score of candidates.

The president talked with a number of senators and representatives. His most extended judicial conference, however, was with Judge Sanborn, of St. Paul, a member of the Eighth circuit. Judge Sanborn has been considered supreme court timber himself, but has been eliminated from present consideration because of his participation in the Standard Oil decision.

Mr. Taft also talked at some length with former Attorney General Griggs, of New Jersey. Associate Justice Swayne and Chief Justice Gummere, of the New Jersey state supreme court, and Chancellor Pitney were discussed. The general impression is that if a selection is made from New Jersey it will be Judge Swayne.

Former Senator Long headed a delegation of Kansans at the White House who urged the appointment of John C. Pollock to the supreme court.

About nine women will be put on duty when the new corps is organized, and they will have for their chief duty the education of wives in the proper and cleanly way in which to keep house.

Taft Cuts Message by 6000 Words.

Washington, Dec. 3.—The president directed that a number of changes be made in his message. The message is an unusually long one, and Mr. Taft has decided to make it shorter by 6000 words. He will direct that certain sections be cut out of the main message and be sent to congress as an appendix.

FIRST MAP WITH NAME OF AMERICA

Is Sentimentally Valued at
\$1,200,800,000,000.

GERMAN PRINCE OWNS IT

Is Willing to Exhibit It in This Coun-
try If It Is Transferred With Squad-
ron of Battleships.

New York, Dec. 3.—Americans may
have a chance to see in the near fu-
ture the famous map on which the
word "America" appeared for the first
time in the history of map making.

To have it brought to this country
however, from Castle Wolfegg, in the
kingdom of Wurtemberg, Germany,
where it was recently discovered,
President Taft will have to give some
comprehensive guarantees. Among
them is one that the document be
safely returned, and another is that
the transfer to America be effected
"with the proper respect, dignity, safe-
guard and ceremonies due to the im-
portance of this hallowed document
say the convey of a squadron of bat-
tleships."

These stipulations are contained in a
letter which has been sent to Presi-
dent Taft by Heinrich Charles, of New
York, representing, he says, his
highness, Prince Maximilian von Wald-
burg Auf Wolfegg Bei Waldsee, who
has the map in custody, and who is
willing under such conditions to allow
Americans to inspect "this unmatched
bequest of their history."

The map was made in 1492 on a de-
sign by Martin Waldseemüller at the
city of St. Die in the Vosges, and bore
the name "America" within fifteen
years after the discovery of the New
World by Columbus.

The letter says Colonel Roosevelt
once wrote of his high veneration for
what might be called America's certi-
ficate of baptism. The Truchsess von
Waldburg paid for it centuries ago a
sum equivalent to \$100, which Mr.
Taft's correspondent naively remarks
with interest accrued represents \$1,
200,800,000,000.

Mathias Ringmann, a German poet
first suggested the name America.
The map was recently unearthed at
Castle Wolfegg, in Wurtemberg.

VIOLATED THE ANTI-TRUST LAW

U. S. Grand Jury Returns In-
dictments For Rebating.

BROKERS UNDER \$25,000 BAIL

Steamship Company and Railroad Ac-
cused of Granting Philadelphia Grain
Firm Rebate of Five Cents Per Hun-
dred Pounds.

Savannah, Ga., Dec. 3.—For viola-
tion of the federal act to regulate
commerce, familiarly known as the
Sherman anti-trust law, the grand jury
for the United States district court re-
turned five indictments.

The Merchants' and Miners Trans-
portation company was indicted three
times, once as the sole offender, and
in joint indictments with the Atlantic
Coast Line and the Seaboard Air Line
railways. Morris F. Miller and Harvie
C. Miller, of Philadelphia, were jointly
indicted twice. The individuals were
immediately taken into custody and
placed under bonds of \$25,000 each for
their appearance.

The language of each indictment is
identical, save that the instances of
various violations are itemized in some
of the indictments. All of the offenses
are alleged to have been committed
between Nov. 1, 1907, and the latter
part of May, 1908.

Five Cents a Bushel Rebate.

The first count in this indictment al-
leged that among the schedules was a
rate of 15 cents for each 100 pounds of
oats in sacks, the shipment to be made
in carload lots of at least 24,000
pounds. It was stated that the steam-
ship line concurred and adopted the
rates which the railroads agreed to

and the public were so informed by
the violators what those rates would
be. During the period from November,
1907, to February, 1908, John E. Mor-
ris, F. and Harvie C. Miller, members
of the firm of L. F. Miller & Sons, of
Philadelphia, were engaged in the
grain business as shippers, and on
Dec. 10, 1907, did transport at the rate
of 10 cents for each 100 pounds a
shipment totaling 50,000 pounds of oats
in sacks. The shipment was made over
the steamship line to Savannah, and
at Savannah was taken up by the At-
lantic Coast Line, which in turn trans-
ported it to Jacksonville.

The specific charge in this regard is
that both the "initial and secondary
transporters knowingly, wilfully and
unlawfully failed to observe the tariffs
and schedules establishing the joint
rates, and that the granting of a rate
so far below the published rate was a
wilful and illegal violation of the com-
merce law.

The indictment dated Dec. 2 against
the corporations contains only the
name of the Merchants' and Miners'
Transportation company, and three
counts are to be found in this. The
shipments are alleged to have occurred
on Jan. 3, 7, 10; 40,000 pounds, 30,000
pounds, 30,000 pounds of wheat are re-
spectively alleged to have been the
commodities. In this indictment the
usual rate of 10 cents for each 100
pounds is alleged to have been given
Miller & Sons, instead of the lawful
rate of 15 cents as scheduled.

Conspiracy Alleged.

The indictments against Morris F.
Miller and Harvie F. Miller charge
them with securing and enjoying ille-
gal rates because of the conspiracy
with the railroads and steamship com-
panies to lower the schedule rates
from 15 cents to 10 cents a 100
pounds on oats and wheat. One in-
dictment contains three counts of simi-
lar dates to other indictments, and the
second indictment covers seven ship-
ments. All are over the Merchants' and
Miners' Transportation company, the
Atlantic Coast Line and the Seaboard
Air Line. The shipments alleged in
these two instances total 370,000
pounds of oats and wheat by the de-
fendants at the illegal rates.

Took Poison by Mistake.

Newark, N. J., Dec. 3.—Mistaking
poison for salts, Adolph Heller, fifty
years old, of 73 Lang street, took a
dose that caused his death. He went to
a closet in his home and took from a
shelf a bottle that he supposed con-
tained the salts. Instead of that it held
a poison and, without noticing his er-
ror, Heller took a dose. He was seized
with violent convulsions and, although
a physician was promptly summoned,
he died soon afterward.

Taft Denies Morgan Tale.

Washington, Dec. 3.—With unusual
emphasis denial was made at the
White House of a report that has been
circulated in the last two or three days
that J. P. Morgan and a group of as-
sociates had forwarded to President
Taft the draft of a new federal in-
corporation bill.

Two New Battleships Named.

Washington, Dec. 3.—The two bat-
tleships authorized at the last session
of congress will be named the New
York and Texas. The battleship New
York will be built at the New York
navy yard. The Texas will be built by
contract.

UNITED STATES TO SELL SEALSKINS

14,000 Pelts to be Disposed
of in London.

Washington, Dec. 3.—The United
States government will place on sale
in London, Eng., in about two weeks
14,000 raw sealskins, taken from male
seals killed several months ago in the
Pribiloff islands, off the coast of
Alaska, by order of the department of
commerce and labor as a means of
conserving the Pribiloff herd.
Commissioner of Fisheries George
Bowers left Washington for London as
the government's representative at the
sale, which is to take place at the es-
tablishment of a well known London
furrier. The sale of these skins abroad
follows the conclusion reached by the
department that they could not be pro-
perly treated or cured in this country.

It is said that \$75,000 or more will
be realized from the skins sent to
London. This sale is the largest that
can take place in many years, as kill-
ing, except to conserve the herds on
the Pribiloffs has been prohibited.

GET BULLET AFTER 10 YEARS

Six Operations Failed to Locate It in
Girl's Head.

South Bethlehem, Pa., Dec. 3.—For
ten years Miss Cecelia Delp, of Heller
town, has had a bullet lodged in her
head.

The bullet could not be located un-
til Friday, when Dr. Laplaz, of Phila-
delphia, found its whereabouts.

Miss Delp was accidentally shot by
her brother ten years ago, and since
that time has suffered much with con-
vulsions. Six operations failed to re-
veal the whereabouts of the bullet.

The bullet will finally be removed
on Jan. 11 next, which will be the
birthday anniversary of the girl.

People Who Work Indoors With Their Hands

Seamstresses, watch-makers, art-
ists, draughtsmen, and many others,
cannot properly handle their tools
with cold, stiff hands. Many a lost
hour or two on cold winter morn-
ings results from the delayed heat
of furnace or stove.

The Perfection Oil Heater in
a few minutes gives the tempera-
ture that assures the worker warm
hands and pliable muscles. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

quickly gives heat, and with one filling of the font burns steadily for nine hours,
without smoke or smell. Has automatic-locking flame spreader which
prevents the wick from being turned high enough to smoke, and is easy to remove
and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount
of oil in the font. The filler-cap does not need to be screwed down; it is put in
like a cork in a bottle, and is attached to the font by a chain, and cannot get lost.

The burner body or gallery cannot become wedged, because of a new device
in construction, and consequently, it can always be easily unscrewed in an
instant for reworking. The Perfection is finished in Japan or nickel, is strong,
durable, well-made, built for service, and yet light and ornamental.

MAKE LIFE WORTH LIVING

Says Elder Cunningham

When pure healthy blood courses through every vein and artery of the body, the organs are in a healthy condition, and a strenuous active life is a pleasure to man or woman.

But if the blood is impure and sluggish, the appetite poor, digestion weak and vitality not up to the standard, life is a burden; then you need Vinol, our delicious cod liver and iron tonic, without oil. Such evidence as comes from Henry Cunningham, elder of the Baptist Church, Kingston, N. C., should be convincing. He says, "I was run down and weak from general debility, and suffered from vertigo. I took Vinol with the most gratifying results. I gained in health and strength and now feel unusually well."

Elder Cunningham's recovery was due to the combined action of the medicinal elements of cods' livers, aided by the blood making and strength creating properties of tonic iron contained in Vinol.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. People's Drug Store, C. Wm. Beales, proprietor, Gettysburg, Pa.
